

PRECISION WATERPROOF IP-67 CALIPER

- Accuracy higher than DIN 862 requirements
- Modification with self lubrication patented technology (Pat. UA 201707025)
- IP-67 Proof
- Swiss electronics
- Thickness of frame 3.5mm
- Automatic wake up by moving electronic
- Sleeping mode after 20 min non use
- With depth rod
- 100% metrological control
- ISO 17025 certificate for requirement

DESCRIPTION

Modifications with lubrication of guides for easy sliding

MICROTECH
METROLOGICAL CONTROL

PRECISION **SERIE**
