

WIRELESS DIGITAL CALIPER

- Accuracy higher than DIN 863 requirements
- Built-in Wireless data output module for data transfer to Windows PC or Android devices
- Standard & Energy saving Wireless modes
- MDS Lite software for Windows PC or Android device for FREE
- Modification with self lubrication patented technology (Pat. UA 201707025)
- Resolution 5 μ m
- CR1632 (3V) battery
- With thumb wheel
- Thickness of frame 3.5mm
- Automatic wake up by moving electronic
- Sleeping mode after 10 min non use
- With depth rod
- 100% metrological control
- ISO 17025 certificate for requirement

DESCRIPTION

SOFTWARE FOR WINDOWS PC AND ANDROID FOR FREE

Modifications with lubrication of guides for easy sliding

Item No	Range	Resolution	Accuracy	Jaw length	Proof	Guides lubrication	Data output
